An appalling nitro-glycerine explosion occurred near the village of Enterprise, on the Titusville and Tidoute road, yesterday afternoon, by which Mr. Charles C. Clark of Tidoute, an agent for the Roberts Torpedo Company, was instantly killed, his body being blown to atoms. Clark it appears left Titusville about noon yesterday for Tidoute, having in his wagon about 400 pounds of this dangerous compound, and when near the Benedict Estate Mills, in descending a hill and crossing a rough log bridge, the jar is supposed to have caused the explosion. The shock is described as having been terrific in the extreme, and the scene of the disaster presents an appalling appearance. The ground is torn up for a long distance around, and buildings in the vicinity are torn to fragments. The horse was blown to atoms, and not a piece of the wagon a foot long could be found, and so terrific was the shock that the wagon tires were blown in fragments, with great holes in the solid iron gouged out of the short pieces that were picked up. Spokes of the wagon wheels were found sixty rods or more distant from the scene of the disaster. Mr. Clark was 48 years old, and leaves a wife and child who reside at Tidoute. He had been in the employ of the Roberts Torpedo Company as agent for the Tidoute and West Hickory districts, for the past two years, and is represented as being an honest upright man. His native place is New Bedford, Mass., and the remains will be taken there eventually for burial.

PERSONAL.—Mr. M. C. Martin, Superintendent of the Central Petroleum Company, arrived home last evening, after an absence of two months on the Pacific slope, where he has been tarrying for the benefit of his health. We are pleased to learn that his health has been greatly benefited by the visit.

Rouseville has a literary society.

The Wiet county, O. Democrat says: The transportation pipe which conveys the oil from the different wells to the river, has been kept in operation night and day for the last two weeks. In the absence of Col. W. W. Thomason, it is under the supervision of Captain Shultz, M. McConaughys wells are all in operation, Nos. 118 and 207 are producing about ten barrels, and 208 about six per day. The Pawpaw and No. 52 are also good paying wells. Mr. McCouaughy is interested in others. The Otter-sou well is pumping daily fifteen barrels.— This well, and other good wells are located on Mr. Baylock's territory. The shipments the past week amounted to 5,400 barrels. Oil is selling at the river at \$3.60.

CORRY FIRE BUGS.—On Wednesday evening two men, a German named Mohr and an Irishman named Scully, were arrested at Corry on suspicion of having caused the recent fires there. Mohr was drunk, and while in the lock-up made some damaging remarks about setting a school house on fire. Scully took it coolly and laughed at the trouble the police were putting themselves to. For the defense it was proven by Mr. Spiesman, for whom they had been working, that on Monday night when the fires broke out they were on their employer's premises. They had a hearing before Justice Wilson yesterday and were committed to jail for trial next week.

OIL MATTERS IN WEST VIRGINIA.—The Volcano Lubricator says: The well owned by Davis, Gates & Thomas, on Gale's fork, is pumping seventy-five barrels of oil per day.

The Shaw well is pumping about thirty barrels per day. No other wells at that place in operation at present.

Messrs. Backus & Church are about to commence on their well at Gale's Fork.— Hugh Mearns, contractor; depth eight hundred feet.

The Warren Ledger has been enlarged and otherwise improved. We are pleased to note the prosperity of our neighbor.— The Ledger has always been one of our most valued exchanges. May it continue to prosper.

A dispatch from Fagundas says: Messrs. Trotter and Evans have struck a new well, adjoining the Howell farm, which has pumped one hundred barrels in twenty-four hours.

Chautauqua county, New York, has a camp meeting association. The officers are as follows:

- President—Hon. J. S. McCalmont, Franklin, Pa.
- Vice President—C. D. Angell, Titusville, Pa.
- Secretary—Wm. Gilford, Mayville, N. Y.
- Treasurer—Alonzo Kent, Jamestown, N. Y.

The committee have closed a bargain for 50 acres of land at Fair Point, for \$10,000. The location is perfect as to grounds, shade drinking water, accessibility and all other requisites to the health, comfort and happiness of large crowds. The underbrush is to be cleared out, the grounds picked up and smoothed off, seats, buildings, &c., erected, wells sunk, a wharf built and everything done to make it a sylvan retreat such as cannot be found elsewhere in the State.

The ground will belong to and be used by the Methodists from Lake Erie to Pittsburgh, for camp meetings, pic-nics, festivals &c. It will be an enchanting spot, and consecrated as it will be to holy uses it will be the center and source of the deepest and most sacred attachments and associations. May it never be profaned by irreverent interruption or inharmonious of any kind, but be always a sanctum sanctorum in which all improprieties of speech or action shall never be known.

So says the Jamestown, N. Y., Journal.

The Rev. D. Patton, Messrs. H. C. Wachter, J. W. Thompson and J. C. Patterson, have been elected delegates to the National Convention of the Y. M. C. A., which is to hold a three days session in the city of Washington, commencing May 24th, by the Young Men's Christian Association of Petroleum Centre. They will join the Erie delegation, at Erie, and proceed from there to Washington, on Monday next.

The Little Corporal for May is an excellent number, full of pleasing and instructive reading matter for boys and girls, and older people who have young hearts. Terms \$1.50 a year. Send stamp for specimen number and Premium List to John E. Miller, Publisher, Chicago, Ill.

Mr. Merkel, Mayor of the city of Duluth was in Erie, yesterday. He is on his way to the oil region.

Emma Clouse, aged sixteen, died yesterday in New York from a pistol shot wound inflicted by herself. Thursday was to have been her wedding day. Emma, her parents and friends assembled in the Church of the Redemption, awaiting the arrival of the expectant bridegroom, George Reed, but he failed to come, and Emma, relations and friends returned home. The girl overcome with grief, admitted that Reed had seduced her under promise of marriage.— She requested to be left alone, and soon afterwards the report of a pistol shot was heard, when her parents rushed to her room and found she had shot herself in the breast. A warrant has been issued for Reed.

At North East, Pennsylvania, Mrs. Helen Gaffitt has been held for trial, charged with an assault and battery, with intent to commit murder on the person of Mrs. Harriet Hall, her husband's mother. Mrs. Hall is over sixty years of age, has been twice widowed, and it is said, at one time owned considerable property, which has since been deeded to her son, but she retains a life interest in it. She resided in a little house, only a short distance from the Gaffitts. The only cause, if cause there could be, for the assault, is supposed to be that Mrs. Hall had talked as though Mrs. Gaffitt was too intimate with a medical gentleman residing in that vicinity.

Great preparations are in progress by the printers of Baltimore to entertain the delegates to the International Typographical Convention which meets there on the first Monday in June. Excursions are planned to Washington, Mount Vernon, and Annapolis. Balls and parties are arranged for the occasion, the theatres have opened their doors to the representative types, and the railroads are sending invitations to use their lines at half fare. Baltimore intends to entertain the delegates for a week at least, and her printers are determined that the famous hospitality of the Monumental City shall be fully extended to their guests.

A kettle of boiling material in the soap factory of Charles Williams, in St. Louis, into which naphtha had been poured, overflowed Tuesday afternoon. The naphtha took fire and communicated to Mrs. Williams, who was standing near, and before the flames could be extinguished she was so badly burned that she died soon after.— Samuel Williams, J. C. Smith and another man were seriously burned in attempting to rescue Mrs. Williams.

The Williamsport Gazette and Bulletin says: Major August Von Brecht, of Loyalsock township, who died on the 10th inst., at the ripe age of ninety years, was a veteran soldier. He was born in 1781, served in the campaigns of Napoleon, and was present at the burning of Moscow. After serving in the army for twenty years he was retired on a pension, and emigrated to the United States in 1842. His pension amounted to over \$1,000 annually, which he continued to draw up to the close of his life.

The Michigan liquor law is beginning to have its effect. In Detroit, the Tribune says, when a business room is advertised for sale, this clause is inserted in the notice: "Will not be rented for a saloon." Property holders in Michigan do not wish to become responsible for damages resulting from the sale of intoxicating liquors.

Fagundas City is being rapidly rebuilt, and the prospects are that there will be more business done there this summer than ever before.

The Methodist Sabbath School Convention, at Franklin, is being very largely attended. Many of the active Methodists of this place are attending.

TANK BURST.—On Tuesday the acid tank of Hussey, Payne & Co.'s oil refinery, at Cleveland, burst, and forty or fifty barrels of oil ran into the canal.

Those of our readers in Oil City should bear in mind that Mr. Tom. McDonald, proprietor of the new livery stable in that city, has removed to his new quarters, on Elm Street, opposite the Eagle House, where he can hereafter be found. Tom. has got a fine stock of livery horses, carriages, &c., and the citizens of Oil City should extend him a liberal support.

Schwartz's Bock Beer—first of the season—at Lou. Voucher's saloon.

A movement is on foot in Rouseville to force those keeping their places of business open on the Sabbath day to close them.

Miss Ella S. Prek has been nominated by the President as Postmistress at Greenville, Mercer county.

John Hancock, a highly respectable citizen of Woodcock township, Crawford county, committed suicide by hanging, on the 15th inst.

Mr. Thomas Sparks, of Rouseville, has invented a new kind of gas tongs which is claimed to be superior to anything of the kind now in use in the oil region.
